Hi-Family! 7:30PM 2-12-62

ST. JOHN'S CHURCH, Hampton, Virginia is one of the oldest remaining churches. Rebuilt in 1869 and finished substantially as it is today. Communion silver dates back to 1632 - being oldest in continuous use in America.

This church looks country, but is in center of downtown Hampton. Arrived in good order, all in one piece, at 10:30 pm last night. Up at 06:00 (06:15 is better), drove to Langley & had ~~supper~~ breakfast on base, cafeteria. Saved 75¢, spent it on supper. After work had car greased, oil changed oil filter change - Airfilter, cleaned, gas tank filled, brake fluid checked, diffferential checked $12.50 - charge. Had supper at ELI'S restaurant (They fed us on shuttle plane). Good, expensive (Iwas cheap). Love Charlie

I'm now in Room 408
